## GRIFFMEN BEGIN FIGHT WITH NEW YORK YANKS FOR RUNNER-UP HONOR

NEW YORK, June 24 .- Now for the battle for second-place honors between the Griffs and the Yanks, the series getting under way at the Polo Grounds today. Four games are scheduled for the Griffmen here, with Monday an open day. It is possible for the Griffs to go home in second place and that is what they hope to do.

The slump of the Yankees at Boston has stirred the McBride clan

not a little. Huggins' team seems to be cracking under the furious strain of the race. The Red Sox leaped right, at the haughty Yanks and whipped them before the Yanks hardly knew about it. In addition, Duffy used his left-handers against the Yanks, and the big city sluggers usually take a vacation when opposing southpaws.

Manager McBride has planned to use his southpaws in the series here, mixing in either Johnson or Acosta. Johnson is in good shape and may be as effective as he was in the spring at the Polo Grounds.

Washington tennis followers may get a chance to see the famous Milé. Suzanne Lenglen, French tennis champion, who recently defeated Mrs. Molla Bjurstedt Mallory, some itme in August or in September. Word has been received from Miss Anne Morgan, who is abroad now, that she has interested the famous French woman player in coming to this country. Miss Morgan is chairman of the American committee for this country. Miss Morgan is chairman of the American committee for devastated France. She conceived the idea of bringing Mlle. Lenglen here to play exhibition matches and incidentally to play for the national championship at Forest Hills, Long Island, the latter part of August.

The United States Lawn Tennis As

sociation was apprised of the in-formation that Mile. Lenglen would come to this country, and is already arranging an itinerary for her.

Tennis clubs in the District of Columbia have been asked to take the matter up, as Washington is to be included in the exhibitions.

The matter will be talked over here at length, and while the plans are by Philadelph no means settled, it is more than racqueter will come to this city for an exhibition.
